RESOLUTION 2025-108

RESOLUTION FOR THE ESTABLISHMENT OF PROPER DRAINAGE SYSTEM ACROSS THE MUNICIPALITY OF PAVIA, ILOILO.

WHEREAS, the threat of calamity due to storms and typhoons will always be constant in our country and we cannot stop these storms from coming, but we can minimize the damages it can cause;

WHEREAS, Pavia, Iloilo is a flood-prone area where most of the barangays are low-lying, hence, it calls for long-term yet cost-effective solutions;

WHEREAS, one of the noted solutions would be establishing a proper drainage system across the municipality, especially with the rising population and rapid growth of housing projects;

WHEREAS, in a committee hearing conducted with the presence of personnel from the Municipal Engineering Office, members of the SB Committee on Infrastructure, officials coming from barangays that were flooded brought by the Typhoon Crising, suggestions were considered as follows:

For Barangay Balabag

- Construction of canal from Sitio Ilaya, leading to Aganan river
- In Sitio Banglid, reconstruction of a canal along the road from Angela Avenue going to Amparo or fronting the house of Honorable Gerada also going to Aganan River
- For Sitio ilawod, dredging of the irrigation canal

For Barangay Aganan

- Re-elevate the existing drainage canal on both sides of F. Gorriceta Avenue so that the flow of water will go to the Aganan River and not to Brgy. Pandac Creek

For Barangay Amparo

- Construction of two-barrel 3m. x 3m. box culvert at Bong-ao Creek

For Barangay Palagon

- Construction of two-barrel 2m. X 2m. box culvert at the boundary of Palagon & Mali-ao to divide water from Sitio Bong-ao & portion of will flow directly to Aganan River. This proposal had been approved by KALAHI but, unfortunately, it was not implemented.

For Barangay Mali-ao

- Clearing of Mali-ao Creek in Sitio Gata, remove bamboo trees that are obstructing water flow and de-sludge that box culvert crossing the national highway

For Barangay Tigum

- Improve the drainage system beside the house of Mr. Anecito Jalbuna and extend newly constructed drainage canal on road from Tigum Bridge and connect across Cabugao Norte, Tigum, Pagsangaan Roads and construct another canal on the other side.

WHEREAS, the Sangguniang Bayan as a collegial body suggest that these should be incorporated in the Annual Investment Program of the Municipality of Pavia, Iloilo for possible funding and support from the National Government and Provincial Government;

NOW THEREFORE, on motion of Honorable Leonardo L. Belasa, and duly seconded by Honorable Ariel B. Gerada;

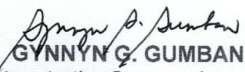

RESOLVED, AS IT IS HEREBY RESOLVED, to pass a *RESOLUTION FOR THE ESTABLISHMENT OF PROPER DRAINAGE SYSTEM ACROSS THE MUNICIPALITY OF PAVIA, ILOILO.*

RESOLVED FURTHER, that copies of this resolution be furnished to all concerned for information and appropriate action.

APPROVED.
